Decatur Herald: Much interest is being manifested among local afflicted citizens in the manner in which the celebrated "Moon Doctor" of Sioux City, is perfecting a cure of their ailments. While most people are somewhat skeptical about this kind of a cure for disease yet we are informed from thoroughly reliable sources that he has cured many people of different things. Among those we are personally acquainted with can be mentioned, Sam Nixon, Wm Redmond, of Sloan, and there are many citizens whose names we might mention who are making trips there to consult the man . He has a brother who can cure the disease of horses and a sister who does the same work he performs. Much interest is being taken here as to the outcome of several cases here.
